 As the summer ends it becomes autumn.

 The days become shorter.

 The nights become longer.

 The weather becomes cooler.

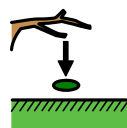

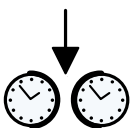

The months of Autumn are September, October and November.

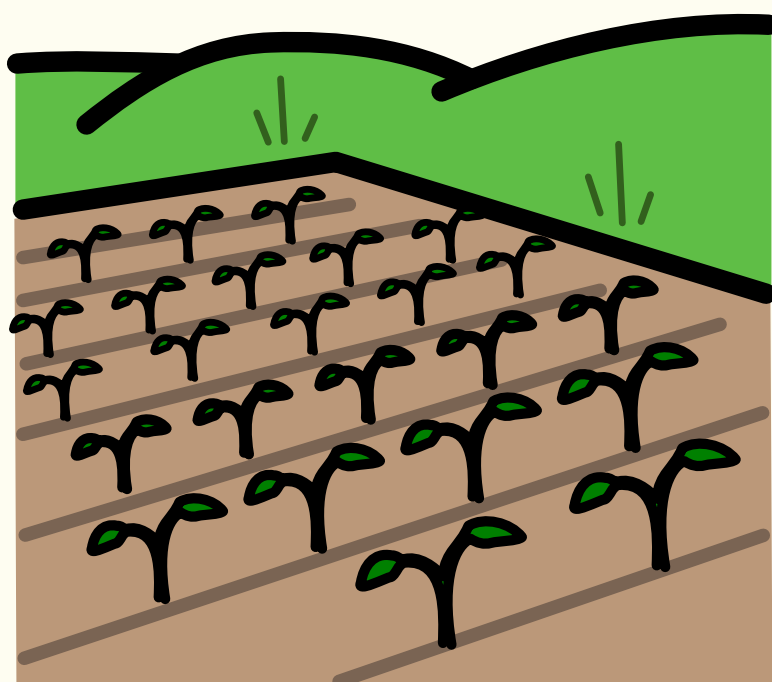

Leaves on trees begin to change colour.

Leaves turn red, yellow and orange.

Soon the leaves will fall from the trees.

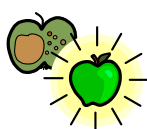

Fruits

and

vegetables

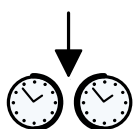

ripen

in

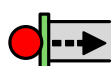

Autumn.

Soon

they are

ready

to harvest.

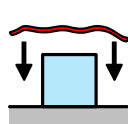

Wheat

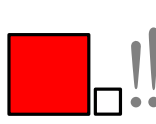

and

barley

cover

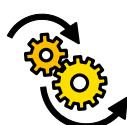

huge

fields.

Combine harvesters

work

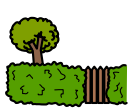

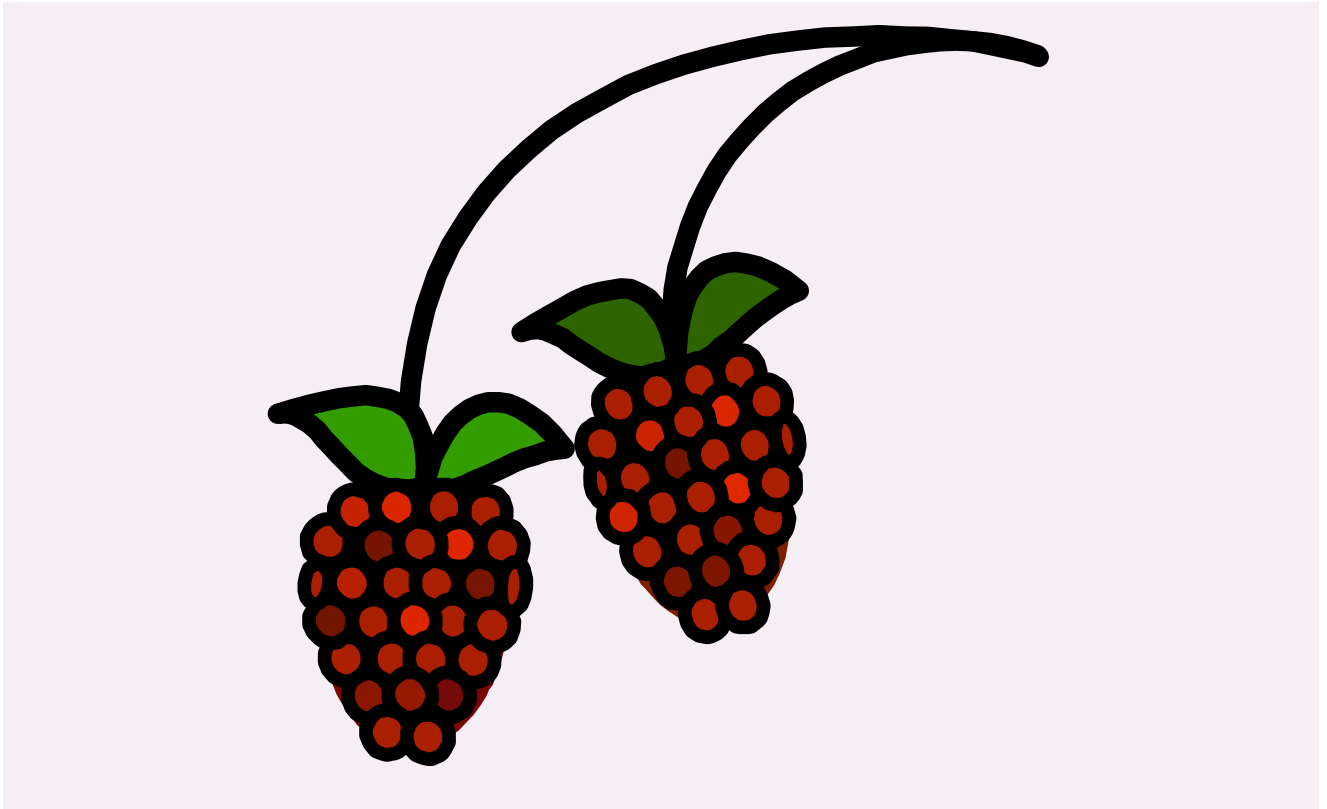

in

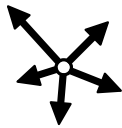

the

fields.

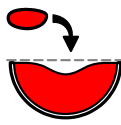

Hedges

everywhere

are

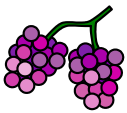

filled

with

foods.

Blackberries

and

raspberries

can

be

picked.

People

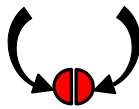

bake

pies

and

make

jams.

The berries

are

eaten

by

birds,

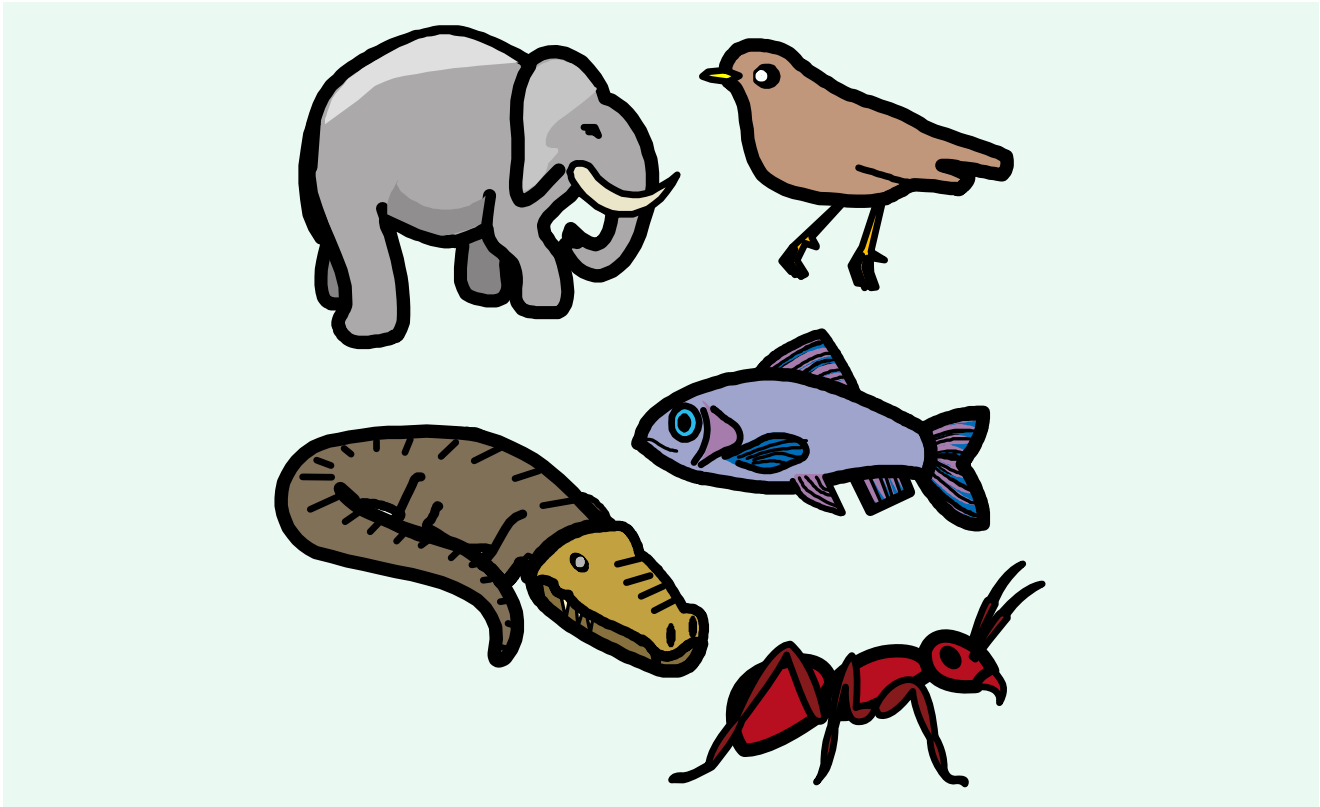

mammals

and

insects.

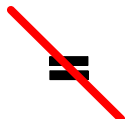

During

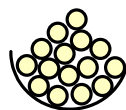

winter

there

is not

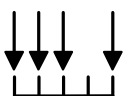

much

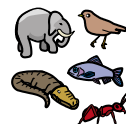

to

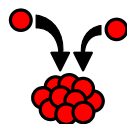

eat.

Many

animals

collect

food

during

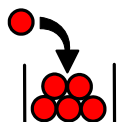

the

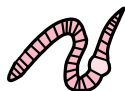

autumn.

Moles

store

worms

and

grubs

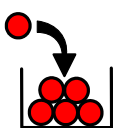

for

winter.

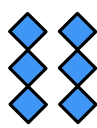

Squirrels

store

nuts

like

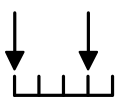

acorns

for

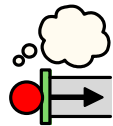

winter.

Some

animals

prepare

to

hibernate.

They

make

themselves

a

sheltered

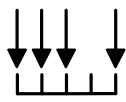

nest.

They

eat

lots of

food.

Bats,

hedgehogs

and

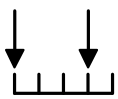

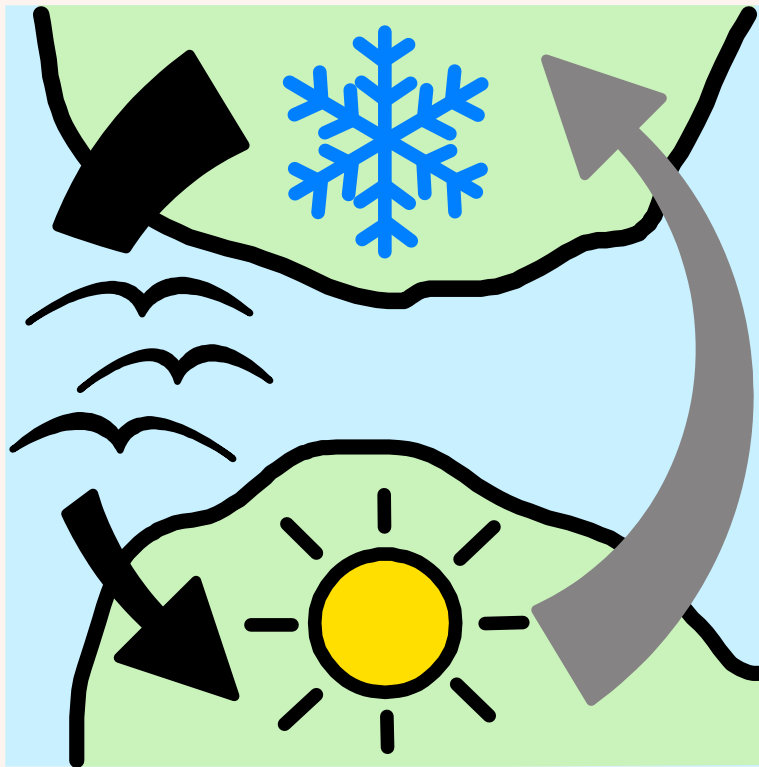

tortoises

hibernate.

Some

birds

migrate

in the

autumn.

They

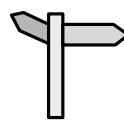

fly

south

to

where

it is

warmer.

Swallows

migrate

in

September

and

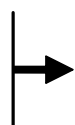

October.

They

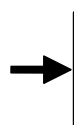

fly

from

Britain

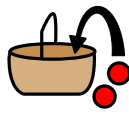

to

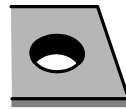

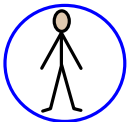

South Africa.

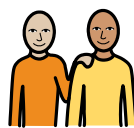

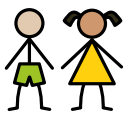

Autumn is the time for collecting conkers.

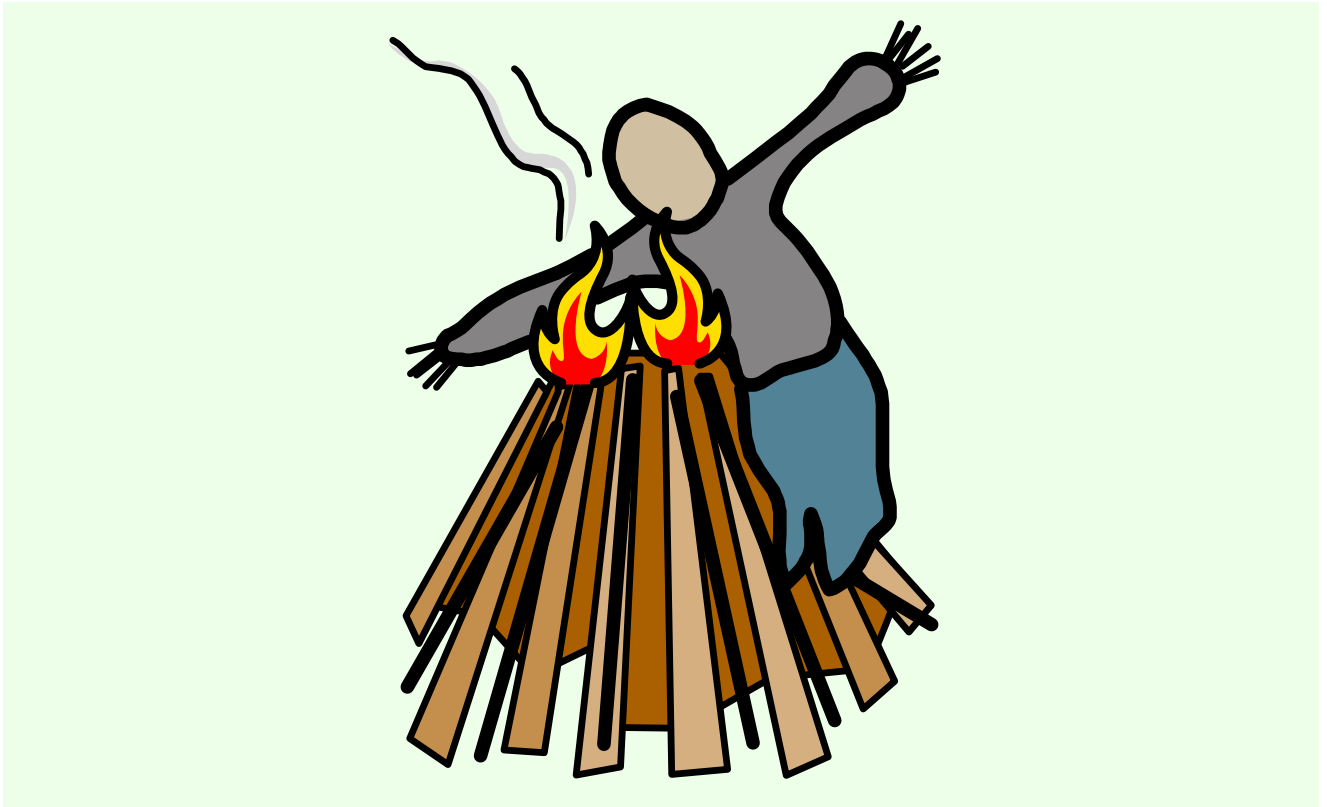

Conkers grow on horse chestnut trees.

A parent can help drill a hole in the conker.

Children can play conkers with friends.

31<sup>st</sup>

Halloween is celebrated on 31st October.

Children wear Halloween costumes and go trick or treating.

5<sup>th</sup>

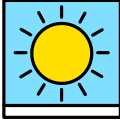

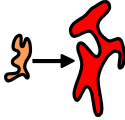

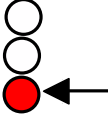

Bonfire Night is celebrated on the 5th November.

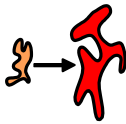

People celebrate with bonfires and firework displays.

The  days  become  shorter and  colder.

The  sun  moves  lower in the  sky.

It  becomes  colder and  darker.

 Autumn  becomes  winter.
