

Bonfire Night

Story to help

Bonfire Night is a special event.

It happens on November 5th every year.

It is a time when some people celebrate.

They light a big bonfire and fireworks.

On Bonfire Night

some people

like

to set off fireworks.

Fireworks

can be

seen

in the sky.

They

make

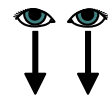

loud sounds

and are

colourful

to

watch.

Some people

love

the

fireworks,

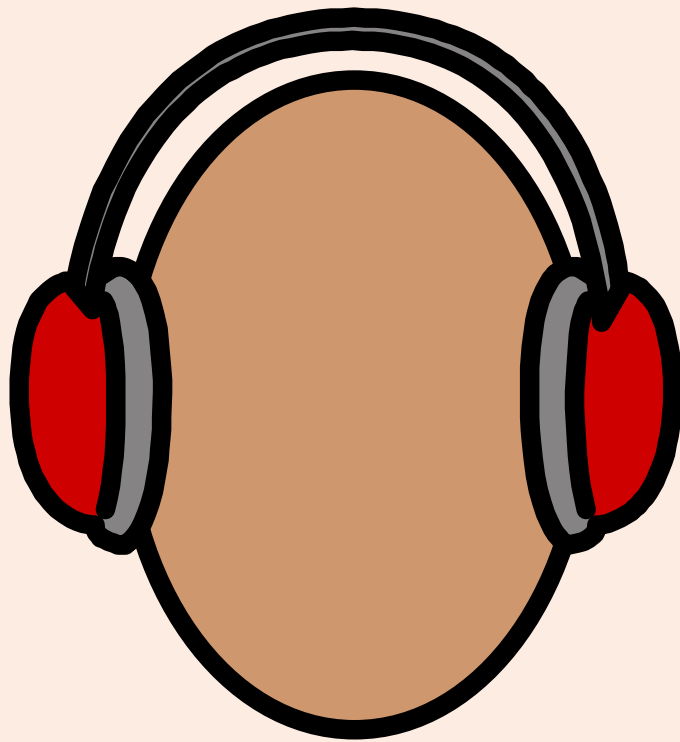

but

they can be

very noisy.

If I

find

the fireworks

noisy,

I could

wear my ear defenders

If I

find

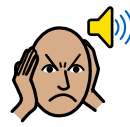

the fireworks

noisy,

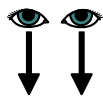

I could

cover my ears.

I could

watch

them

from

inside.

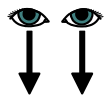

I could

stay at home

and

watch

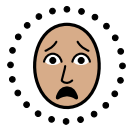

some fireworks

on a screen.

Always listen to adults about safety around the fire and fireworks.

If I feel scared, worried, frightened or a different emotion,

1

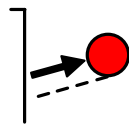

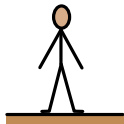

I can talk with one of my trusted adults.

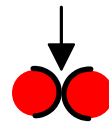

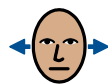

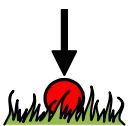

They will help me do something to feel safer.

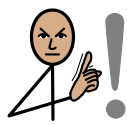

Only adults will light the fireworks.

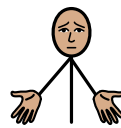

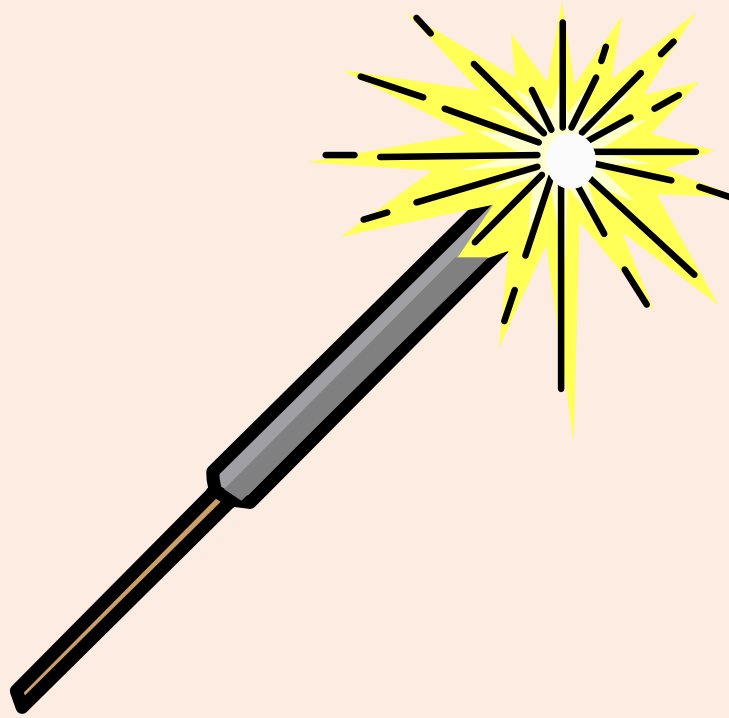

I will stand far back from bonfires and fireworks.

If fireworks are on the ground, I will not touch them.

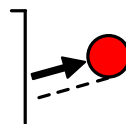

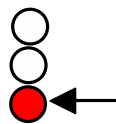

It is very important to stay safe on Bonfire Night.

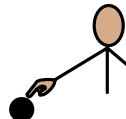

I may be allowed to hold a sparkler and will need to wear gloves.

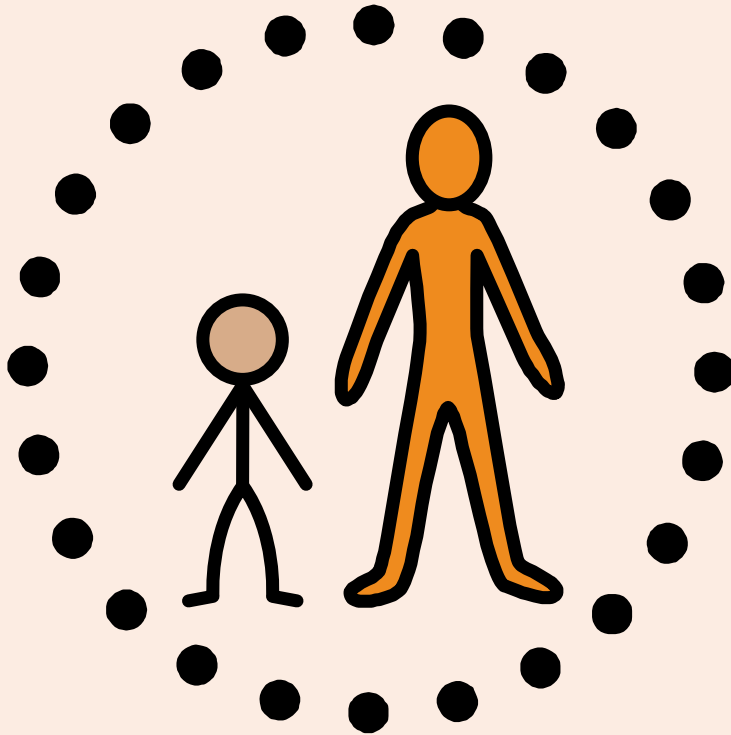

They can be fun, but I must be careful when holding them.

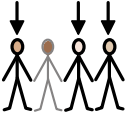

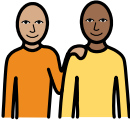

I will hold the bottom of the sparkler away from my body and others.

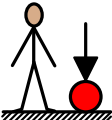

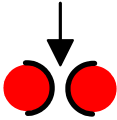

The tip is very hot and is never safe to touch.

 Many people  come  together  to celebrate  Bonfire Night.

 I  might see  my friends  and family.

 I  must  stay  close to  my  trusted adult.

 They will  help  keep me safe  so I can  enjoy  the evening.
