

## Widgit Online Resources

Save time with Widgit Online's ready-made symbol resource packs available in the **Resources** section of Widgit Online. These packs are developed to suit a range of activities and needs and are available to purchase and add to your account at any time. Some account types come with additional symbol resources already included.

You can also access some example files and purchase the **Dual Language Feature** here.

### Where to Access

Click on **Resources** in the main menu:

All Resources that are available to you are listed on this page

The screenshot shows the 'Resources' section of the Widgit Online website. It features a navigation bar at the top with 'Create', 'Documents', 'Resources', 'View', and 'Help' options. Below the navigation bar, the 'Resources' section is titled and contains a list of four resource packs, each with an icon, a title, a brief description, and a 'Purchase a subscription to get this pack.' link.

Resource Pack	Description	Action
<b>Fairtrade Pack</b>	Symbolised resources developed with The Fairtrade Foundation to support the teaching of the Fairtrade topic. The Fairtrade Pack has been designed to help learners build their understanding of Fairtrade, fostering the importance of compassion and how we can all learn to become socially responsible citizens. Resources include an information book, comprehension and number activities, along with sequencing and matching tasks, games, and teaching aids.	Purchase a subscription to get this pack.
<b>Dementia Pack</b>	Symbolised resources created to support people living with dementia. This pack was created for and alongside families and can be used at home or in care facilities.	Purchase a subscription to get this pack.
<b>Phonics Pack</b>	Symbolised resources created to support practitioners in developing a child's phonological understanding. The Phonics Pack includes a variety of resources to complement Phonics teaching and learning. The teaching of Phonics involves learning the relationship between the sounds of the spoken language and the letters of the written language, and the materials within this pack can be used to support the approach. Resources include display materials, games, and a variety of reading and spelling activities.	Purchase a subscription to get this pack.
<b>Early Years Pack</b>	Symbolised resources designed to support practitioners assisting children in their care across nursery, pre-school and school settings. The Early Years Pack contains a variety of resources to support Early Years Foundation Stage (EYFS) learning within the seven areas of the EYFS statutory framework, including Communication and Language, Physical Development and Personal, Social and Emotional Development, as well as resources to support EAL learners.	Purchase a subscription to get this pack.

## Before You Begin

Please ensure that you have set your billing country (your options will be restricted until you do this – not all resources are available in all countries:

Choose your billing country to see price

The screenshot shows a form with a blue header bar containing the text "Choose your billing country to purchase extras". Below the header, there is a label "Billing country" and a dropdown menu currently displaying "United Kingdom".

## If You Have a Licence Key

If you have a licence key for a resource that you have pre-ordered add this here, and click **Submit**:

The screenshot shows a form with a blue header bar containing the text "Licence key". Below the header, there is a small instruction: "Use this form to add extras to your account with a licence key." Underneath is a text input field. To the right of the input field is an orange button labeled "Submit key".

## Widgit Writer

Widgit Writer is an iPad App that can be linked to your Widgit Online account. Click the More information link to discover more:

**Widgit Writer**  
Create symbol documents on your iPad with this new app that integrates with your Widgit Online account for free

Widgit Writer is a simple, easy-to-use app that lets you create symbol-supported documents on your iPad. Read documents out loud with the iPad's speech voice. Back up your documents and view them as PDFs in Widgit Online.

Install Examples

These examples demonstrate things you can do with Widgit Online.

Install Examples

2. A pop-up will appear. You can choose where to save – create a new folder if you wish. Click **Install** when you are ready.

The image shows two screenshots of the 'Install Examples' dialog box. The left screenshot shows the initial state with a list of folders: My Documents, Trash, Drafts, and Shared Folders. The right screenshot shows the same dialog after a red arrow indicates a transition, where the 'Widgit Examples' folder has been selected and highlighted in yellow. Both screenshots have 'New folder', 'Install', and 'Cancel' buttons at the bottom.

3. You will see a pop-up to confirm the files are being installed. The **Examples** will now be available for you to access.
